Robin Class

We have had a very busy Spring term. Here are some of things we have been up to.

After exploring the animation Pingu, reception children created their very own penguin model. Owl Class then stepped into the shoes of directors and used our penguin models to create short stop-motion animation. It was then time for a special screening. We were very impressed by the animations and the year 3's presentation skills. To celebrate our hard work we brought out our brand new karaoke machine!

In maths we have been exploring measuring heights and lengths. We worked in teams to create a bed that was just the right size for each of the 3 bears. We worked hard to estimate what size we thought the beds needed to be.

During science week we took part in lots of investigations and experiments. We made bubbling potions and explored the power of wind with the parachutes.
