

MILLIKEN

This week we had our annual visit from the Milliken team. The children were given the opportunity to learn about the different departments and roles within the company and why they are all important to the production of the product.

The children also designed their own carpet tile and presented their designs to a panel of judges this morning. Congratulations to the winning team—Azeeza, Jake, Carter, Evie and Nathaniel.

A huge thank you to the lovely team at Milliken, the children had a fantastic day as always!

Duckling Class

What a busy start we have had to our time in nursery. We have only been at nursery for a couple of weeks but we have already done so many things. Here are just a small selection of photographs showing some of our learning experiences.

We have made lots of new friends and we are all learning to share, take turns and be kind friends.

We have been trying lots of new activities. This has included learning the rules and routines for using our environment indoors and outdoors, learning the rules for new games and of course practicing tidying up when we have finished.

It has been great to be able to get outside in the sunshine and practice our physical skills, climbing, balancing, jumping and moving heavy equipment but we have also been doing our 10 minute exercises every day. This helps our muscles to develop and gets us ready to learn.

Don't forget the best way to keep up to date with everything happening in nursery is by regularly checking our Class Dojo page. If you need help accessing this please speak to a member of staff.
