SCIENCE IN LKS2

Earlier this week our Year 3 and 4 pupils had a visit from Collette the Scientist! She told us all about the skeletal system.

We really enjoyed sharing what we had learned.

Kestrel Newsletter

Year 5 & Year 6

We had a visit from Milliken right at the start of the term and they showed us the different roles people had in industry.

We have also been very busy designing and creating a robot to deliver food. We had to think carefully about how we could protect the food when it was in transit and also how to keep it cool or warm.

In P.E. we have been focusing on fitness and the benefits of this on our bodies.
